Subject: Microsoft Settlement

To the legal representatives for the United States public,

I would like to have it publicly noted that I am personally dissatisfied with the proposed settlements issued for the case of Microsoft(TM) vs. the United States. The proposals issued would not only allow Microsoft(TM) to continue its current practices, but would also allow further "misguided" interpretations of the restrictions that result in further exploitations by the Microsoft(TM) Corporation. As such, the proposed penalties do not appear to coincide with the best interests of the American public.

I would like to thank you in advance for considering my opinion in this matter.

Respectfully,

Brian L. Feathers
